### **GMCW™ Announces New Leasing Program**

Louisville, KY - GMCW™ announced that it is now offering a leasing program. GMCW has partnered with Marlin Finance to provide customers with a simple, low-cost way to jump start their beverage and foodservice programs. Marlin has an excellent service model designed to assist Grindmaster with everything from providing finance training to ensuring that every transaction is handled smoothly and efficiently.

Leasing is an excellent option for many operators in the current economy. It allows customers to conserve cash on hand while still upgrading their beverage and foodservice programs to meet customer demands and drive sales. It also gives customers the opportunity to maintain a bank line of credit in order to manage expenses that cannot be financed such as payroll and healthcare. Additionally, leasing gives operators an opportunity to build their commercial credit to better position them for future growth. Customers can learn more about GMCW's financing options on [www.gmcw.com](http://www.gmcw.com). A simple leasing calculator will help customers determine the best leasing program for their business. Customers can also fill out an online application from GMCW's website.

GMCW is headquartered in Louisville, KY with locations in New York, Illinois, and Thailand. The company is owned and managed by BNY Mezzanine Partners, L.P.

GMCW™ offers an unmatched selection of beverage equipment and a complementary foodservice equipment line that is the single source equipment solution for the industry. GMCW™ has a passion for product innovation, quality workmanship, and world-class customer service. This passion results in profitable solutions for customers and partnerships that ensure long-term success.

Marlin Leasing is a subsidiary of Marlin Business Services Corp (NASDAQ:MRLN) and a high quality customer focused financial services company.
